

Are you passionate about aviation?

Do you take pride in keeping aircraft safe, reliable, and ready to fly?

Then this is your opportunity to take off with **Gading Kasturi Sdn Bhd**, a leader in aircraft maintenance, repair, and overhaul (MRO) services.

Even if you come from a different technical background – mechanical, electrical, or electronic – this is your chance to **explore an exciting new industry** where innovation meets precision.

Step into the world of aviation and **gain hands-on experience** with advanced aircraft systems, global standards, and real-world engineering challenges.

Your skills can help shape the **future of safe and sustainable flight**
